

Product Line Manager F/M

Murata Integrated Passive Solutions is a subsidiary of the Japanese Murata Group (75,000 employees, 100 subsidiaries, \$15 billion in revenues).

Based in Caen (Normandy, France), we are recognized as a leader in passive silicon component technology. We have a global offer for the miniaturization of electronic circuits, with a very high level of performance. The company is developing itself in several market segments like : medical electronics, mobile, high speed network infrastructure and high-performance industrial electronics.

The company exports 90% of its production, employs 150+ people and has invested more than 25 Million Euros in its industrial unit over the last 3 years. We are certified ISO 9001, 14001, 45001 and IATF 16949.

To support our business development, we are looking for a Product Line Manager.

Mission

To ensure the development of sales in the market segment for which you are responsible, in line with the defined strategy.

To this end, your missions will be to :

- Be responsible for the turnover and margin objectives of your market segment
- Develop new product lines with a focus on technology
- Represent the voice of the customer internally
- Position the company as a key player in the integration of passive silicon components
- Coordinate the promotion of the products with the Global Sales network of Murata

You will report to the VP Marketing & Business Development.

Profile

You will have 10 years of experience in the semiconductor or electronics industry in the field of marketing/customer relations.

You have a good level of English and an ability to work in an international and multi-cultural context. Your ability to listen and be proactive as well as your leadership skills are assets that you have developed during your career.

Join the innovators in Electronics !
